

VERSATILE CONFIGURATIONS

- Freestanding units can be installed individually or in conjunction with a booth.
- Various sized, self-supporting booth options are available to give workers ample working space.
- Modular, Compact Design permits proper sizing for each application.
- Front access dust drawers allow for ease of maintenance.
- Filters are easily accessed to facilitate fast replacement.

OPTIONS

- Internal Booth Lighting
- Regain Air
- Multiple Booth Sizes and Configurations
- Spark Baffles
- Backdraft Dampers
- Sound Abatement
- Ductwork Design and Fabrication for external venting
- Washable Spunbond Filter

EFFICIENT AND EFFECTIVE

- Removes airborne dust from multiple sources.
- Reverse jet pulse design optimizes filter cleaning and extends filter life.
- Requires no duct work, reducing installation cost.
- Application specific filter media maximizes efficiency.
- Recirculates clean air, eliminating the need for expensive make-up air.
- Relocation due to changes in plant layout is simple and cost effective.
